

Statistical Methods in Infectious Disease Modeling

Kaitlyn Stocker

2017-04-20

Contents

- 1 Introduction**
- 2 Modeling and Inference for Infectious Disease**
 - 2.1 Deterministic Models**
 - 2.2 Stochastic Models**
 - 2.2.1 Chain Binomial**
 - 2.2.2 TSIR**
 - 2.2.3 Susceptible Reconstruction**
 - 2.3 Spatial Models**
- 3 Application to Measles**
- 4 Results**
